

**Renzulli Learning**  
Proven differentiation™

A University of Connecticut Research & Development Corporation Company

Dear Parent or Guardian,

Voorheesville Central School District has recently invested in the Renzulli Learning System, an internet-based educational tool which provides fun, engaging and meaningful activities that are tailored to meet your child's individual interests your child can use it to follow his or her interests at *home* as well! Currently, the software is used to supplement current-grade level curriculum, and provide students with the opportunity to further explore areas of interest.

***How is Renzulli Learning different from other educational software programs?***

Students complete a personal survey that profiles their interest areas, how they like to learn, and how they like to express what they have learned. The system generates a unique user profile that explains your child's individual interest areas, learning styles and expression styles. Next, the system "hand picks" educational activities which matches the results of your child's unique profile. This creates exciting, fun, and meaningful individualized learning experiences for your child!

***Is Renzulli Learning appropriate for my child?***

Renzulli Learning screens websites for educationally sound and child-friendly content. Based on 30 years of educational research for teaching children, linked activities and websites must pass an extensive criteria test before being added to the Renzulli database.

***What else does Renzulli Learning offer parents?***

In Renzulli Learning, parents also have their own web site to chart their child's progress and view his or her profile. Articles are selected just for parents, as are helpful links to web sites that help parents and are updated on a regular basis. Parents can help their child pursue their special interests by helping them buy or find the books they select as favorites, or helping them participate in on-line creative writing competitions and supporting them as they pursue independent projects and virtual field trips, as well as all of the other options available in Renzulli Learning.

***How do I know my child's username and password?***

Your child has been assigned a username using the first four letters of their first name, followed by the first four letters of their last name. For example, Susan Smith's username would be susasmit

**All students in Grades 1-3 have been assigned the password, 12345**

**Students in Grades 4 and 5 have individual passwords and will be able to share them with you.**

***Parent registration instructions*** have been included with this letter. We welcome you to register and use the resources that are offered,

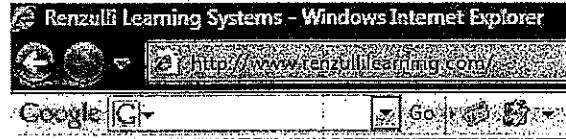

If you have any further questions about Renzulli or with accessing it, please contact your child's teacher or Mrs. Milano at [milano@vcsdk12.org](mailto:milano@vcsdk12.org)

Sincerely,

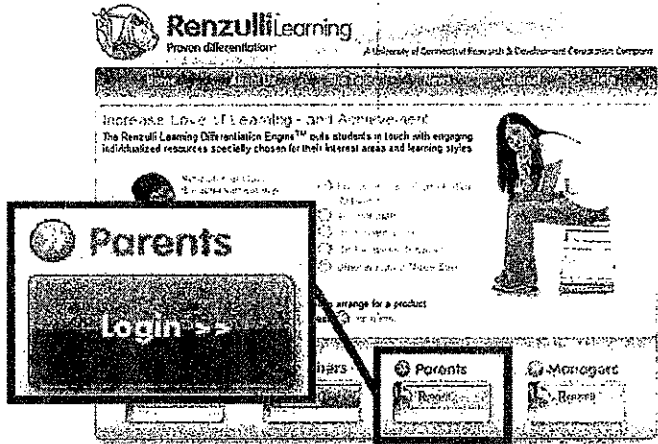

Thomas B. Reardon  
Principal

1. Type [www.RenzulliLearning.com](http://www.RenzulliLearning.com) into the address bar of your internet browser.

2. Click the purple Parent button at the bottom of the page.

3. Find the sentence, "If you are here for the first time and want to register as a parent, please click [here](#)."

If you are here for the first time and want to register as a parent, please click [here](#).

Click the blue [here](#) link.

4. Enter your child's **username** and **password** in the appropriate boxes.

*\*Please note: If you have more than one child registered with Renzulli Learning, you must enter each child's username and password to view each child's profile, enrichment activities, and portfolio.*

**New User?**

Please fill in the following information.

You must enter at least one child's username and password to gain access to the parent's site. If you do not know either or both of these entries, please contact your child's teacher.

	Username	Password
*Child 1:	jnewtron	****
Child 2:		
Child 3:		
Child 4:		
Child 5:		

5. Read the RLS license agreement and click I Accept.

This is a license agreement between You as the authorized representative of the end users within your school ("You") and Renzulli Learning Systems, LLC (doing business in Connecticut as Renzulli Learning Systems, LLC), its affiliates and subsidiaries, (collectively "RENZULLI"). RENZULLI hereby licenses You to access and use the following RENZULLI applications on servers operated and/or authorized by RENZULLI: The Renzulli Profiler, The Renzulli Enrichment Database, The Renzulli Differentiation Search Engine, and The Renzulli Talent Portfolio. Additionally, You are licensed to view and download supporting Documentation supplied by Renzulli in connection with Your authorized use of the enumerated RENZULLI applications.

From time to time, updates and upgrades, as well as modifications and enhancements may be provided for RENZULLI with respect to the RENZULLI applications and the supporting
