

HOMEWORK HOTLINE

“Homework Hotline” is a program developed to encourage consistent homework completion. Its purpose is to strengthen the communication between the parent(s) and the school so that the students will improve homework grades, and thereby improve their averages.

There appears to be a strong correlation between homework completion and academic achievement. More consistent homework completion is our goal. The Homework Hotline will work as follows:

After 3:00 on each school day, parents may call the **HOMEWORK HOTLINE**, according to the directions listed below. A pre-recorded message will list all assignments submitted by 3:00 that day.

Parents who often receive reports that “I don’t have any homework”, or “I did it all in school/study hall”, can call the number to verify the assignment which should be listed by the student in his/her agenda book.

Parents who need work for sick students, or those out of school for other reasons, should also use the **HOMEWORK HOTLINE** to obtain that information.

Assignments will be available for the **CURRENT DAY ONLY**, so a multiple day absence will require a call each day. Worksheets cannot be provided, and should be obtained from another student in the class, or from the teacher upon return to class.

**The eighth grade Hotline will run for quarters 1 & 2. By second semester (February) students will be expected to have a homework buddy for each class, as well as a working system for keeping track of their assignments. 8th grade assignments are given for the week each Monday. Beginning in February, the 8th grade hotline number will be updated weekly with important announcements, dates, and information regarding long term projects. Please check the number weekly, especially if you do not often receive the weekly purple newsletter (which is also posted on the web each Monday).

Call the **SCHOOL PHONE NUMBER** at 765-3314, and enter the extension for the grade level for which you would like assignments:
